Tips and Best Practices to Help Close This Care Opportunity:

- **Please check your Patient Care Opportunity Report (PCOR) or Practice Assist often to see members with open care opportunities.** If you have questions, your UnitedHealthcare representative can help.
- If provider is seeing a patient for Evaluation and Management (E/M) services and all well-child visit components are completed: Attach modifier 25 or 59 to the well-child procedure code so it's reviewed as a significant, separately identifiable procedure.
 - Modifier 25 is used to indicate a significant and separately identifiable evaluation and management (E/M) service by the same physician on the same day another procedure or service was performed.
 - Modifier 59 is used to indicate that 2 or more procedures were performed at the same visit, but to different sites on the body.
- Helpful resources about the components of care are available at brightfutures.aap.org.
- Well-care visits can be accepted as supplemental data, reducing the need for some chart review. Please contact your UnitedHealthcare representative to discuss clinical data exchange opportunities.
- Sharing member demographic data is critical to understanding the cultural, linguistic and social needs of those we serve and decreasing health inequities across the care continuum. This data can include, but is not limited to, race, ethnicity, language, sexual orientation, gender identity, pronouns, sex assigned at birth and disability status.
 - As part of UnitedHealthcare's clinical structured data exchange program, we encourage you to include this demographic data with any structured data file or CCD. Your information is confidential.
